Try our Irish stew at 700 Kansas avenue.

A LATE ATONEMENT

WAS searching for something in an unused closet, and quite accidentally dislodged a garment from its hook...

It was my wife's white India silk shawl, that had hung on that particular nail for ten long years...

Then I closed and locked the door with a deep breath of relief and turning abruptly, stood face to face with Elisabeth, my beautiful wife...

She too, had seen the garment fall and witnessed the repugnance with which I touched its dainty, silken fabric...

"Oh, Harold, will she come again tonight," she murmured piteously, as she gazed with frightened eyes into my face...

"Lunetta was very beautiful," my wife sighed sadly as she stroked my hand. "And how she must have looked!"

"Through love for him she lost her life," I answered plunged in bitter thought. "But how came she to wear your shawl on that night of all others?"

"My darling, you and I trembled as she answered low. "It was my wish—she longed for me, and never dreaming what her purpose was..."

"Again her pale face pressed my arm and tears rolled from the gentle eyes, but while I kissed the tears away my own heart trembled with its weight of woe..."

"And then the dreaded presence came—the omen was fulfilled in substance. Some one stood knocking at the outer door, and going thence I found a child—a boy with white-strained, dusky eyes..."

"He entered gladly at my wish, and seeing Elisabeth, doffed his cap and laid two papers in her hand. And now the mystery was all explained: The poor, dead girl had been a wife, and this—her son—had come to us to vindicate her honor."

"The gipsy father stole his child from out its mother's very arms, and all those secret meetings between the two had been the vain attempt on poor Lunetta's side to once more clasp her darling."

"For years the boy had followed gipsy friends, but learning our whereabouts had stolen away and brought to us his only sorry."

"Then when the truth was understood and Lunetta's boy installed for aye within our hearts and homes, I looked into my Elisabeth's eyes and seeing there a mirror of my thoughts stepped fearlessly and dragged the shawl down from its bent and rusty nail."

"Then, tossing it upon the floor, I stood with one arm round the boy and held sweet Elisabeth's hand in mine until it shivered in the blast, and as it burnt both she and I could not help thinking how old and yellow it had grown—as if the ghostliness of death had in some mysterious way quite recently deserted it."

Three Little Boys. The wife of one of New York's most studious and cultivated lawyers was recently half playfully and half seriously lamenting to a friend that her three boys were no longer babies, adding some pretty motherly memories of their sweetness at the age of babyhood...

"I WILL RETURN." night when Lunetta Travers, masquerading I thought, in my darling's clothes, had stolen from the house to meet her lover in the shadow of the grove that grew about our house.

Lunetta was of grayish blond, beautiful as an angel, but passionate and vegeful in her moods, like one of almost demon parentage. She was Elisabeth's friend, but not a woman of my liking—thus when the breath of slander touched her name I was the first to reason with and chide her.

But the fiery blood rebelled against my words and openly defying our entreaties, Lunetta met her dark-browed knight at 11 chosen hours as well as unlit places.

At last her visit neared its end and even my promised wife could plainly see Lunetta bore us bitter feeling. She seemed to feel she was misjudged and yet refused us honest dealing. Then, when one dark night just ten years ago, she ventured out arrayed in Elisabeth's clothes, an angry demon filled my soul and quietly I watched and followed.

Strong words ran riot when we met—the man, Lunetta and myself beneath the guarding branches, and when our passions burst to sudden flame we drew our weapons, aimed and fired with deadly and deliberate purpose.

But Lunetta sprang between me and the man she loved, and when I saw her, remorse and horror seized my heart, and I bent above the ghastly face, half dazed at what wrath had permitted. The wide-strained, dusky eyes were
